No one can resist Count Dracula's invitation to his Annual Grand Masquerade Ball, where all the local monsters and townspeople join the festivities of Illusion, Mystery and Intrigue. Rumors are circulating that Dracula, in a plot to rule the world, has killed Dr. Victor, the creator of Frankenstein and Frankenstein's Bride. Entertaining his guest are Dracula's three wickedly enchanting brides, and lurking nearby is a big bag of rags. The Mummy... or is it?
